

# ANIMAL KINGDOM

In Maths this term, we are going to be completing some work on measure including length, height, weight, mass and capacity as well as some statistics work. We will also recap the four operations to support moving up to Year 3!

In English, we will be focussing on non-fiction first of all, completing fact files about meerkats and hedgehogs before moving onto a brand new text based on 'Meerkat Mail'. We will learn the text with actions and a story map to support us with writing an amazing setting description!

Our Science learning this term will be all about living things and their habitats. We will be looking at how animals adapt to their environments and what they need to survive.

In Geography this term, we will be recapping the continents and oceans and looking at the differences between hot and cold countries.

In our DT this term, we will be looking at Food and Cooking Techniques. We are going to be trying some different fruits and then making our own Fruity Face!

We will be looking at the questions on 'What makes some places scared to believers?' in RE.

In PSHE, we will be looking at our 'Changing Me' unit. Please see separate letter for details.

## Specialist Subjects

In PE we will be having a go at some athletics with Mr Sullivan. We will also be doing some Mindful Movement with Mrs Stewart.

In Computing, we will be looking at Digital Art with Mr Dawson, creating our own pieces.

In Music, with Mr Avery, we will continue to learn on the Djembe drums!

**As the weather gets warmer, please ensure your child comes to school prepared (labelled hats, sunnies, sunscreen!)**
