

Climate Crisis

In our writing this term, we will be researching different pollutants and writing a persuasive speech to stop them. We will also be writing a journey story about chasing a storm. Our core text will be 'The Lost Whale'. We will be reading this together and some of our reading comprehension lessons will be around this text.

Spelling, Punctuation and Grammar.

We will be spending one of our afternoons a week focusing on SPAG. We will be using wildlife as our theme.

Design Technology

In Term 3 the children will have their first DT unit- Electrical Cards.

The children will be making a light up greetings card using electricity.

SAVE OUR
PLANET

History

Our History unit will explore WW2 and The Rise of Hitler

In Mathematics we will start the term by continuing with our Fractions unit.

We will also begin afternoon maths sessions focusing on arithmetic skills.

Science

Our Physics unit will be focused on Electricity. We will be exploring different components of a circuit which will link directly to our DT.
